0200-0255

Dovetail top and base plate

These top and bottom adapter plates use the dovetail principle so they can be moved forwards or backwards, in relation to the camera, to find the optimal balance on your shoulder or tripod.

0350-1380 Dovetail top cheese plate.

0350-1400 Separate handgrip which can be mounted reversable to find an even more comfortable point of balance.

0350-1455 This 15 mm viewfinder adapter can be mounted on either side of the Vocas top handgrip and allows the use of 15 mm based viewfinder systems.

0490-0025 Dovetail base plate adapter.

compatible with the following base plates: 0350-2200; 0350-2205

Base plate adapter for Panasonic Varicam

This base plate adapter for the Panasonic Varicam allows the use of the Vocas shoulder base plate 0350-1000 and the universal USBP shoulder base plates.

0350-1060

Base plate

Transforms the camera into a true shoulder camera and makes the camera compatible with many other support systems. Features an adjustable rubber shoulder pad, fixed rosette attachments and 15 mm rails in the front and back. This base plate is compatible with the Sony VCT-14 or Panasonic SHAN-TM700 tripod plate or our BP-18 19 mm support. Base plate including two pairs of 15 mm rails.

0350-1000

BP-18 19 mm Balance plate

This balance plate allows the use of 19 mm rails and precise calibration of the camera's centre of gravity on your tripod. Compatible with other industry standard balance plates. Including two pieces of 19 mm carbon rails, 400 mm in length.

0480-0018

This is a selection of the most important accessories, all other accessories such as adaptor rings, side flags, filter frames etc, can be found on our solutions finder at www.vocas.com.

0350-2205

MFC-2S follow focus system

Available with the innovative walnut palm support and a walnut focus knob. The technical specifications are among others, a modular design, different gear ratios (ENG, Cinema), reversible rotation direction and is highly adjustable for optimal personal comfort.

0500-3000 / 0500-3010 / 0500-3100 / 0500-3110

MFC-6 follow focus system

The new Vocas studio follow focus MFC-6 has a very big advantage compared to our competition, a self-adjusting drive arm! A high quality follow focus still can work poorly because of improper calibration.

With the new Vocas self-adjusting drive arm this problem belongs to the past!

The new Vocas studio follow focus MFC-6 has the same modular design as the Vocas follow focus MFC-2. Having the same modular design makes it possible to exchange accessories like the different knobs and drive gears!

0500-4010 / 0500-4011
