Product Description

The Aputure MC is Aputure's first RGBWW film light. This light features full HSI color control and a CCT range of 3200K-6500K, giving you a full range of color options. On top of that, the built-in magnets and footprint roughly the size of a credit card allow this mini RGB light to fit anywhere you could ever need. The MC also features USB-C PD and Qi wireless charging, so it's always ready to go. It is also compatible with Aputure's own Sidus Mesh technology, so you can use the Sidus Link app to unlock all of the light's capabilities. The latest in the line of M-Series lights, the MC is Aputure's smartest light to date, offering you immense flexibility.

What's In The Box

- MC
